## Glossary

[View Full Glossary](#)

### **CARFAX Well Maintained - Regular Oil Changes**

CARFAX identifies a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to CARFAX. CARFAX uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, CARFAX may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.

### **First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### **Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### **Toyota Recall / Service Campaign**

Toyota Motor Sales, USA, Inc. provides CARFAX with recall and service campaign information for vehicles originally marketed or sold in the United States of America, its territories, and Mexico. Only open safety or emissions recalls and service campaigns where the remedy has not been completed, will be listed. While Toyota provides data updates to CARFAX on a regular basis, this report may not include very recent activity. For the most current information on recall and campaign activity for any Toyota vehicle, you must go to <http://toyota.com/recall>.
