Description: For vehicles previously remedied under 17V-040, on a small number of the affected vehicles, the latch-lock cable may not have been routed properly in the rear door when the remedy was applied. As a result, the cable may interfere with the window regulator causing the rear passenger door to unlatch and inadvertently open when the window is lowered.

The cable may interfere with the window regulator causing the rear passenger door to unlatch and inadvertently open when the window is lowered. If this occurs while the vehicle is in motion, it may increase the risk of injury to the rear passengers.

Remedy: The dealer will secure the latch-lock cables in the correct position using a new remedy procedure that will prevent mis-routing of the latch-lock cable.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
